Claim Objections

1. This application is in condition for allowance except for the following formal matters:

Claims 1-7 are objected to because of the following informalities: The phrase "the rotating sleeve to correspond to yet misalign with the wedge of the supporting seat is not clear". Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

2. Claims 1-7 are allowed over the prior art.

3. The following is an examiner's statement of reasons for allowance: The prior art does not disclose the specific elements, functions, and interconnections of the recovery force adjusting device as disclosed by the applicant for example: the paddle pivotally connected in conjunction with the handle, the driving ring, the supporting seat, the rotating sleeve, the changing position means, and the recovery spring.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lee, Hoshino and Buerdeind disclose the use of recovery devices for cymbals.

5. Papers related to this application may be submitted to Group 2800 by facsimile transmission. Papers should be faxed to Group 2800 via the PTO 2800 Fax Center at 703-872-9306.
